

Unexpected Guests

The farmer and his wife were about to sit down to a cold supper when they saw some old friends driving towards the house.

The good wife was equal to the occasion—thanks to her New Perfection Oil Cook-stove.

She had it lit in a moment, and her guests hardly were seated on the porch before a hearty hot meal was ready for the table—sausages and eggs and long rashers of streaky bacon, and rolls just crisped in the oven and fresh coffee—and the hostess herself as cool and neat as if she had not been near the kitchen.

She never could have managed it with an old-fashioned range. The New Perfection is the quickest, most convenient and best cooker on the market.

Made with 1, 2 and 3 burners, with brass, turquoise blue enameled chimneys. Handsome finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc. Dealers everywhere; or write for descriptive circular to the nearest agency of the

FRECKLES GONE

"Simple Remedy from D. F. Davis Removed Them," says Society Lady.

"The best skin specialist told me that nothing would remove my freckles and that I would carry them to my grave," said a well known society woman, "but I fooled them all with a new drug, othine—double strength, that I bought at D. F. Davis', which cleared my skin and gave me a fine complexion."

The action of othine is really remarkable, for when applied at night, many of the freckles disappear entirely by morning, and the rest have begun to fade. An ounce is usually all that is needed, even for the worst case.

Be sure to ask D. F. Davis for the double strength othine, as this is sold under a guarantee of money back if it fails to remove the freckles.
